

**Fremont Cemetery Trustees
Meeting Minutes
June 7, 2010**

The meeting was called to order at 3:30 pm in the basement meeting room of the Fremont Town Hall.

Present: Cemetery Trustees Richard Rand and Leon Holmes, Jr.; and Recording Secretary Meredith Bolduc.

Mr. Rand motioned to accept the minutes of the April 5, 2010 meeting. Motion seconded by Mr. Holmes with favorable vote 2-0.

OLD BUSINESS

- Water: The availability of water at the cemeteries was further discussed. No decisions were made.
- Broken monuments: Repair to broken stones and monuments was further discussed. At the April 5, 2010 meeting Mr. Stackpole agreed to look into what needs to be done and get some material prices so the Trustees can work on the repairs. He also agreed to speak to Roger Anderson, who had previously offered to do some of the work. Mr. Stackpole was no present at today's meeting to report on his progress.
- Loam: Mr. Holmes said that, as mentioned at the last meeting, there is extra loam at the Highway Shed that could be used for the cemeteries. He and Mr. Rand will see that some loam is moved to each cemetery for use.
- Culvert: Mr. Holmes agreed to talk to Fire Chief Butler to find out when the Fire Department could be scheduled to clear the plugged culvert in the back of the Village Cemetery. The Chief had previously agreed that this could be done as a training event.
- Trees: Mr. Rand said that the tree work at the Village Cemetery has been re-bid out and a tree service selected to do the job. He did not know when the work is scheduled to be done.

Cemetery Trustees Meeting Minutes

June 7, 2010

- Corner Markers: Mr. Rand reported that he spoke with vault representative (Chris) about installing corner markers and was to get back to him with the price for the purchase of the markers. Mr. Rand agreed to follow up on this.

NEW BUSINESS

- Gates: There was a discussion relative to the idea of purchasing black vinyl gates for the Village Cemetery instead of repairing the old iron gates. Mr. Holmes stated that the vinyl gates are sturdy, nice to look at and there is virtually no maintenance. He suggested that the cost of the new gates could be added to the 2011 budget. There would need to be six 3' x 6' panels for the 3 auto gates and one 3' x 3' panel for the hand gate. Mrs. Bolduc agreed to do some research on the vinyl gates and their cost and report back to the Trustees at the next meeting with her findings.
- The Trustees received and reviewed the General Ledger Expenditure Report for the date ending May 27, 2010.

At 4:10 pm Mr. Rand made the motion to adjourn the meeting.
Motion seconded by Mr. Stackpole with favorable vote 2-0.

Next meeting

3:30 pm on Monday August 2, 2010.
